

Faithfully yours... Corrinne

By Sister Susay Valdez

SINGAPORE – What is the soundtrack of your life? What story unravels as the music of your life is played? On Aug 28, at the Church of Divine Mercy, Corrinne May shared her life story through the language of her music.

She spoke of her experiences of a God who moves in her life. Her songs spoke of her journey – of a God who is her *Shelter*; God who teaches her about the rhythm of life as things fall into place

Everything In Its Time; God who plants each of us in the earth as a *Beautiful Seed*; God who lovingly gave his life for us at 33. And what happens when we experience God who faithfully loves us?

So comes a generous response, how ever seemingly small, of surrendering our own *Five Loaves and Two Fish* for God to use. Corrinne's music and song inspired the listeners to generously donate \$15,504.45 as love offering for CARITAS Singapore – an organization that responds to many human needs

in the areas such as family life, the poor and marginalized, the disadvantaged and those needing humanitarian aid.

Corrinne May's songs that night led the audience to reflect on their own experiences of God and inspired them to take concrete action.

What music do we play in our lives?

Hopefully, it is one that magnifies a loving and faithful God. May the music of our lives lead us to concrete choices of greater generosity and compassion. □
